8. ELAC Report (Information)

- Juan Ricoy presented information
We have a low number of participants. Only 3-4 attendants
Please help get the word out.

9. DLAC Report (Information)

Jacqueline Gonzalez reported

- Jason Romero reported that we still have a shortage on hiring
- The most need for substitutes this year. They are fully aware and it is not just this district.
Still looking for more applicants
Parent Academy

Karla Chinn—Why are we having a shortage?

- In Terms of subbing we are hiring, but people that are good employees are being pulled into classroom positions and now we are left with the substitute shortage.
We are having to be absent (students & staff) more due to covid symptoms

Juan Ricoy reported HVAC – All air conditioning units will be getting replaced during the Thanksgiving break and all staff should be out of the building

- Jan 24 to after Spring Break —Solar Panels—They will be working in the parking lot. ¼ of our main lot will be available. (8 Weeks project)
 - This will save the district energy money and cars will have shade in the future.

10. Principal's Report (Information)

- a. Budget Report
- b. Gate Funding

11. Educator Effectiveness Funds – First Read (Information)

- Mr. Ricoy reported Educator Effectiveness Funds- Total Amount \$143757.00 allocated to AVCS. Mr. Ricoy had a meeting with the district budget office, the district will start spending this money in 2022. This is a first read and Mr. Ricoy will take suggestions an input for these funds. These are some areas that were discussed in the past and these funds could provide staff training to make educators more effective. We don't need to bring to a vote until our next meeting in Dec.
- Melanie asked Wondering if we there was an extended day program similar to last year in Distance Learning, could this funding be used for the extended day program?
- Mr. Ricoy responded, extended day would come from the ESSR 3 and it would fall under tutoring support/extended day because of the conflict of interest for Middle School tutoring , we were able to work through that if teachers are working with targeted small groups of students via extended day.
- Ms. Shepherd asked for clarification on Educator Effectiveness Funds specifically LETRS & Breakthrough
- Mr. Ricoy responded LETRS training is a literacy support program similar to Orton-Gillingham not as dense, it is based on the science of reading. We would like to consider if our certificated staff could benefit. Breakthrough coach how to streamline work in the office so that you are making an impact in classroom.
- Ms. Shepherd stated that these items are on a budget but had not been discussed as a staff, have we paid for any of this stuff?
- Mr. Ricoy responded no and we would not spend any of the funds until next year, we need to have a plan approved with numbers to forward to the district so they know we are serious/interested in these funds and we can adjust accordingly as we move forward. This is a first read, I'd like to share with other educational partners so we can prioritize as needed.
- Ms. Shepherd asked if GLADD training would be received this year?
- Mr. Ricoy responded that it is something we are planning paying for this year, we had someone lined up but there was a conflict of interest scheduling because it was a district employee but we are trying work something.
- Jacqueline asked what is GLADD training? Mr. Ricoy responded Strategy of how to teach language, Ms. Shepherd added guided language, brings in visuals, kinetic movement, songs into every subject are to help kids build vocabulary in areas like science and social studies. The last time I had training was 12 years ago, many of us need refreshers and new teachers who have never been exposed.
- Ms. Shepherd asked Nearpod expired again? Not sure if this is budget comment or just a public comment. We as a staff would like for those to be recurrent and not have a lapse Mr. Ricoy responded, the reason for this is that it's \$4000 just wanted to make sure we are getting the use, will probably move these subscriptions to lottery restricted again from my meeting with the district so that we can free up other funds. Ms. Shepherd, so maybe we need to review/analyze our usage for these subscriptions? Mr. Ricoy responded yes, for now we will renew but we need to confirm we are getting the value

12. Public Communication (Information)

- Jacqueline shared the Eastlake Educational Foundation has a new Campaign “Come Together” there is a QR Code on the signs at the front of the school. The goal for AVCS this year is to raise \$2000
